

# PAWSITIVE MEMORIES

Eco-Friendly Pet Cremation

We are Massachusetts' 1st and only environmental aftercare option. We offer individual and communal cremations, private viewing ceremonies, and locally-crafted memorials.

## Investing in our Community

We believe in fostering relationships with our clients and our community. We partner with local veterinary practices and talented artisans to best serve our fellow Cape Cod pet owners.

## Caring for the Environment

- 1/10th the carbon footprint of fire cremation
- 95% less energy consumed during cremation
- 20% more ash returned to the family
- No direct greenhouse gas emissions
- Only by-product recycled for energy production

## Providing Reliable Service

We are a family-run business, committed to providing thoughtful pet cremation services to veterinary hospitals and individuals on the South Shore, Cape Cod and the Islands, including Individual and Communal cremations. We are conveniently located to offer exceptional customer service and availability when you need us.

## Quality Products & Services

.Cremated remains are returned with a certificate of service and a complimentary online memorial. Pet families choose from a variety of urns and gifts of remembrance from our local artisan partners. Our high-quality gifts offer unique pet remembrances not found anywhere else.

*We understand our animals are more than pets - they are family.*

*Even during the difficult time of saying goodbye to a beloved pet, we can still look to the future of all living things by reducing our environmental impact. That's why we provide thoughtful, eco-friendly pet aftercare services so that all pet families may continue to enjoy the natural beauty that surrounds us with our loved ones.*
